TELECOMMUNICATIONS

KX-FM387CX

Sophisticated Communication
with Plain Paper Convenience

Multi-Function System*1

The KX-FM387CX can be connected to PCs running Microsoft® Windows® 98/Me/2000/XP/Vista 32bit*1 to work as an advanced multi-function system such as a PC printer, PC scanner or PC fax.

Multi-Function with USB PC Interface*1

The KX-FM387CX comes standard with a USB 2.0 interface for easy connection to a PC. For Microsoft® Windows® 98/Me/2000/XP/Vista 32bit*1.

Fully Digital Answering System

The system answers all your calls, records messages and receives faxes while you are away. The digital system makes operation virtually silent and instantaneous.

Advanced Features

28-Page Document Memory*2*3

The system can store up to 25 pages in its built-in memory for transmission. Ideal for broadcasting multi-page documents to multiple locations. This feature will also allow the unit to receive documents up to 28 pages if it has run out of paper.

Enhanced Copier Functions

This fax provides you every copying feature you need, in one machine. The Enlarge (200/150%), reduce (92/86/72%), collate (sort), make up to 50 copies. Furthermore this fax performs a range of advanced copier functions.

Navigator Key for Easy Operation

The navigator key lets you easily control the volume and ringer level, as well as the phone directory & dialer, and other advanced functions.

Informative 2-line LCD Screen

The 2 x 16 character LCD readout indicates operating modes, memory contents, clock time, and telephone number dialed. Also it helps during programming system features or storing telephone number in directory.

Other Features

- Sequential Broadcasting (20 Locations)
- Quick Scan
- 64-Level Halftone Resolution
